

# Microsoft® Live@edu

## Considering Microsoft Live@edu?

Live@edu is the ultimate suite of applications - mobile, desktop and web-based - to help your students to collaborate on campus, and create a community that lasts a lifetime.

### Live@Edu provides:

- Apps students want
- Works with what you have
- Reliable Infrastructure
- Safety and Privacy

**Keep your students' data private and help keep them safer online.**

### University domain name

**FirstName.LastName@YourUniversity.edu.eg**

### Microsoft Outlook Live

Give students the full Exchange experience. Same benefits as Hotmail, plus:

- 10 GB inbox, 20 MB attachments
- Optimized Outlook experience
- Integrated Directory with faculty/staff on Exchange
- Shared calendar and contacts

### Windows Live SkyDrive

Lets students store documents online so they can access them from any computer and share with others.

- 25 GB password-protected online storage
- Create private, shared, and public folders
- Store your documents online and access from other computers

### Office Live Workspace

Microsoft Office Live Workspace beta is your online place to save, access, and share documents and files. No downloads are required.

- Password-protected online storage for 1,000+ documents
- Extension of Microsoft Office
- No more flash drives or sending documents to yourself as e-mail attachments
- Collaborate with others, even if they don't have Office
- 500 MB of storage, which means you can save more than 1000 average sized Microsoft Office documents. Individual documents can be as large as 25 MB.

### Microsoft SharedView beta

Share your desktop with up to 15 other users.

- Give a presentation
- Share control with other students to edit a document together in real time
- [Click here](#) to install the latest SharedView application sharing software for free!

### Windows Live Spaces

Let students set up a space for group projects, campus clubs, or personal pages.

- Link to documents stored on your SkyDrive
- Share your space with the world or with those you select from your contact list
- Create blogs
- Group discussions
- Check out available new themes

### Windows Live Messenger

The world's #1 IM client lets students do more than just chat

- Group chat with up to 15 others
- Look at photos together, right in the conversation window.
- Show off your personal style with custom scenes, animated display pictures, and signature sounds.
- Search Encarta Online
- Using Sharing Folders, share documents too large to send as attachments
- Send SMS message from Messenger interface

## Groups on Windows Live

- Connect and collaborate online.
- Start a group conversation.
- Keep track of important dates.
- View the group calendar together with your personal Windows Live Calendar.
